INDEPENDENT AUDITOR'S REPORT

March 24, 2005

To the Chairman and Members of the
Council of the Bellaire Building Authority

We have audited the accompanying financial statements of the governmental activities and each major fund of the Bellaire Building Authority, Antrim County, Michigan as of and for the year ended February 28, 2005, which collectively comprise the Authority's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Bellaire Building Authority, Antrim County, Michigan as of February 28, 2005, and the respective changes in financial position, thereof and for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis, which follows the Independent Auditor's Report on pages 3-5 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the

United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

BELLAIRE BUILDING AUTHORITY MANAGEMENT'S DISCUSSION & ANALYSIS YEAR ENDED FEBRUARY 28, 2005

This section of the annual financial report presents our discussion and analysis of the Bellaire Building Authority, a component unit of the Village of Bellaire, financial performance during the fiscal year ended February 28, 2005. Please read it in conjunction with the financial statements, which immediately follow this section.

FINANCIAL HIGHLIGHTS

Our financial status remained stable over the last year. Assets at February 28, 2005 totaled approximately \$173,000. The capital projects fund of the Authority was inactive during the year, as no new capital projects were begun. The debt service fund made debt payments in accordance with the debt maturities.

Overall revenues were \$8,473 in the government-wide financial statements, less than the prior year total of \$8,762. The entire revenue balance, as in the prior year, was received from the Village of Bellaire in the form of rent to cover the expense of the bond used to repair the dam. Overall expenses were \$8,717 in the government-wide financial statements, reflecting bond interest payments and other small fees.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts, management discussion & analysis, the basic financial statements and required supplementary information. The basic financial statements include two different kinds of statements that present different views of the Bellaire Building Authority.

The first two statements are government-wide financial statements and provide both long and short-term information about our overall financial status. These statements present governmental activities. The Authority does not engage in business-type activities.

The remaining statements are fund financial statements, which focus on individual parts of the Authority in more detail.

The notes to the financial statements explain some of the information in the statements and provide more detailed data. Required supplementary information further explains and supports the financial statement information with budgetary comparisons. Budgetary comparisons are not required for the Authority.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide statements report information about the Authority as a whole using accounting methods used by private companies. The statement of net assets includes all of the Authority's assets and liabilities. The statement of activities records all of the current year revenues and expenses regardless of when received or paid.

These government-wide statements report net assets and how they have changed. Net assets are the difference between the Authority's assets and liabilities and this is one method to measure the Authority's financial health or position.

Over time, increases/decreases in the Authority's net assets are an indicator of whether financial position is improving or deteriorating.

To assess overall health of the entity you may also have to consider additional factors such as tax base changes, facility conditions and personnel changes.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more detailed information about the Bellaire Building Authority funds. Funds are used to account for specific activities or funding sources. Some funds are required by law or bond covenants. The Village board also may create them. Funds are established to account for funding and spending of specific financial resources and to show proper expenditure of those resources.

The Bellaire Building Authority has the following types of funds:

Governmental Funds: All of the Bellaire Building Authority activities are included in the governmental fund category. These funds are presented on the modified accrual basis, which is designed to show short-term financial information. You will note that the differences between the Bellaire Building Authority government-wide statements and the fund statements are disclosed in reconciling statements to explain the differences between them.

FINANCIAL ANALYSIS OF THE BELLAIRE BUILDING AUTHORITY AS A WHOLE

Net Assets: The Bellaire Building Authority's combined net assets for year ending February 28, 2005 totaled \$5,258.

Governmental Activities: The net assets for governmental activities remained constant during the year.

FINANCIAL ANALYSIS OF THE AUTHORITY'S FUNDS

Bellaire Building Authority Capital Projects: This fund is used to record construction projects. For the year ended February 28, 2005, there were no construction projects in process; therefore, this fund was not used.

Bellaire Building Authority Debt Service: This fund collected lease revenue from the general fund and satisfied the debt service requirements of the Craven Dam Bond.

CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY

Capital Assets: The Bellaire Building Authority has elected not to record infrastructure assets retroactively. Consequently, the Authority has no capital assets as of February 28, 2005.

Long Term Debt:

Bellaire Building Authority Bond: The bond payments made this fiscal year for the restoration of Craven Dam totaled \$17,770 (\$10,000 principal and \$7,770 interest).

KNOWN FACTORS AFFECTING FUTURE OPERATIONS

With the completion of the repair of the dam, the Authority does not currently have any plans for the near future.

CONTACTING AUTHORITY MANAGEMENT

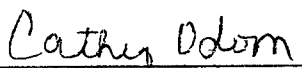

This financial report is designed to provide our taxpayers, creditors, investors and customers with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the revenues it receives. If you have any questions concerning this report please contact Ms. Cathy Odom, Village of Bellaire Clerk, Mr. John Hanson, Village of Bellaire President, or Mr. Russell Fillmore, Bellaire Building Authority Chairman at 202 N. NOTES TO FINANCIAL STATEMENTS
YEAR ENDED FEBRUARY 28, 2005**

NOTE A: ENTITY

In June 2001, the Bellaire Building Authority was created under the provisions of Public Act 31 of 1948. The purpose of the Authority is to provide for the acquisition and construction of certain public buildings, parking lots or structures, recreational facilities, stadiums and the necessary site or sites for the use of the Village of Bellaire. Although it is legally separate from the Village, the Building Authority is reported as if it were a part of the primary government because its sole purpose is to serve the Village of Bellaire.

The financial activity of the Building Authority is reported in a special revenue and debt service fund within the Village's financial statements. The Building Authority and the Village of Bellaire audited financial statements are located at the Village offices.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting framework and the more significant accounting principles and practices of the Bellaire Building Authority are discussed in subsequent sections of this Note. The remainder of the Notes are organized to provide explanations, including required disclosures of the Authority's financial activities for the fiscal year ended February 28, 2005.

The accounting policies of the Bellaire Building Authority conform to the generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies.

On March 1, 2002, the Bellaire Building Authority adopted the new governmental reporting model and implemented Governmental Accounting Standards Board (GASB) Statement No. 34 "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments" and Statement No. 38 "Certain Financial Statement Note Disclosures".

Under the provisions of GASB Statements No. 34 and 38, the focus of the Authority's financial statements has shifted from a fund focus to a government-wide focus.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENT PRESENTATION

Government-Wide Financial Statements

The government-wide financial statements include the statement of net assets and the statement of activities. These statements report financial information for the Authority as a whole. Individual fund information is not displayed but the statements distinguish governmental activities, generally supported by

Government-Wide Financial Statements (Continued)

taxes and Authority general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers. The Authority does not engage in business-type activities.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with functional programs. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees, fines and forfeitures, and other charges to users of the Village's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets and include fees to developers. These revenues are subject to externally imposed restrictions to these program uses. Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

Fund Financial Statements

Fund financial statements are provided for the Authority's governmental funds.

The measurement focus and basis of accounting for the government-wide and fund financial statements are described in a subsequent section of this note.

FUND TYPES AND MAJOR FUNDS

Governmental Funds

The Authority reports the following major governmental funds:

Debt Service Fund - The debt service fund is used to record the funding and payment of the principal and interest on debt reported in the general long-term debt account group.

The Authority also maintains the following fund, which was inactive during the fiscal year:

**BELLAIRE BUILDING AUTHORITY

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FUND TYPES AND MAJOR FUNDS (CONTINUED)

Capital Projects Fund - This fund is used to account for specific governmental revenues related to major capital projects requiring separate accounting because of legal or regulatory provisions or administrative action. The Bellaire Building Authority has one fund in this category that records the fiscal activity for the construction and repair project for the Craven Dam and the Richardi Dam.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The financial statements of the Authority are prepared in accordance with generally accepted accounting principles (GAAP). The Village applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

Government-Wide Financial Statements

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental Fund Financial Statements

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The Authority considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported as expenditures in the year due.

Major revenue sources susceptible to accrual include: sales and use taxes, property taxes, franchise taxes (fees), intergovernmental revenues, and investment income. In general, other revenues are recognized when cash is received.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BUDGETS

Public Act 621 of 1978 as amended provides that a local unit shall not incur expenditures in excess of the amount appropriated.

The Bellaire Building Authority was not required to adopt a budget for the year ended February 28, 2005 for either of its funds.

USE OF ESTIMATES

The financial statements have been prepared in conformity with generally accepted accounting principles as applicable to governments and, as much, include amounts based on informed estimates and judgments of management with consideration given to materiality. Actual results could differ from those estimates.

**LONG-TERM DEBT, DEFERRED DEBT EXPENSE, AND BOND
DISCOUNTS/PREMIUMS**

In the government-wide financial statements, outstanding debt is reported as liabilities. Bond issuance costs, bond discounts or premiums, and the difference between the reacquisition price and the net carrying value of refunded debt are capitalized and amortized over the terms of the respective bonds using a method that approximates the effect of interest method.

The governmental fund financial statements recognize the proceeds of debt and premiums as other financing sources of the current period. Issuance costs are reported as expenditures.

**BELLAIRE BUILDING AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED FEBRUARY 28, 2005**

NOTE C: CASH AND INVESTMENTS

All cash deposits are maintained in financial institutions in the Bellaire, Michigan area. The Authority's pooled and non-pooled deposits are categorized to give an indication of the level of risk assumed by the Authority at fiscal year-end. The categories are described as follows:

Category 1 - Insured or collateralized with securities held by the Authority or by its agent in the Authority's name.

Category 2 - Collateralized with securities held by the pledging financial institution's trust department or agent in the Authority's name.

Category 3 - Uncollateralized.

Building Authority	\$ 1,023	\$ 1,023	\$ -	\$ -	\$ 1,023

NOTE D: LEASE AND INTEREST RECEIVABLE (DUE FROM PRIMARY GOVERNMENT)

During the fiscal year ended February 28, 2005, the Authority entered into a leasing agreement with the Village of Bellaire (the primary government) whereby the Village will make annual lease payments to the Authority in the amount of the debt service requirements for the Craven Dam bonds described in Note E.

In the fund financial statements, which uses the modified accrual basis of accounting, the lease receivable is recorded as an asset with a balance of \$165,000 at the fiscal year-end, offset by a deferred lease payment balance of the same amount.

The government-wide financial statements, prepared on the full-accrual basis, have the full amount of the lease receivable recorded as revenue in the year of the lease's inception.

A schedule of the lease receivable to maturity, which is the same as the bond debt service schedule, is included at Note E.

In both the government-wide and fund financial statements, interest receivable is accrued at \$7,260.
